THE VULCAN ADVOCATE, November 7, 1917

PRICE \$1.50 PER YEAR

## WAR LOAN CAMPAIGN NOW MAPPED OUT

Everything Ready to Start  
When the Bell Goes—  
Canvassers Allotted  
Their Districts

The local committee that has charge of the organization for the Victory Loan campaign is getting down to work. The canvassers who have charge of the various districts are selected and ready to act, and when they do go to work it will be in a whirlwind fashion. Every man and woman throughout the district will be asked to subscribe to the loan. No one will be overlooked and it is hoped that at least ninety-five per cent of the people in the Vulcan districts will become shareholders in Canada's new loan. The canvassing will commence on November 12th and continue until November 30th. The office of the committee is at the offices of Messrs. Flood, Whicher & Elves and anyone desiring information can obtain it from there.

The following boundaries mark out the Vulcan district. The north limit is the township line between T. 18 and 19, and the south limit is N. 14 lying between the Little Bow river, the east limit is the Snake Valley and the west limit is Little Bow to T. 17 thence north to T. 19.

This territory has been subdivided into districts of a township or a little more according to the number of residents. Over each of these is set a team of two canvassers, whose duty it is to see every person and solicit them for a subscription to the loan.

The work that these canvassers do is purely voluntary and is done from a patriotic motive. They have a right to expect the utmost courtesy and you can help them greatly by being prepared when you meet them to sign the subscription blank.

List of canvassers for Victory Loan:

District No. 1, Samuel Tucker and Peter McIntyre.

District No. 2, D. H. Galbraith and T. A. Laurence.

District No. 3, A. C. Middleton and A. G. Dickenson.

District No. 4, J. M. Warden and Rev. F. G. Matthews.

District No. 5, T. A. Byrant and E. Synge.

District No. 6, C. J. Northeott and Ed. Army.

District No. 7, Dan Richmond.

District No. 8, Francis Baden and Donald Sinclair.

District No. 9, Dewey Doane and Robert Mitchell.

District No. 10, R. L. Elves and R. W. Glover.

District No. 11, G. M. Whicher and J. A. Lindsay.

### A TOTAL OF 121 REPORT

The number of Class 1 men who have applied for military papers to date is 121. Of this number 99 have made application and 22 have reported for service.

Sir Thomas White, minister of finance, has requested prominent men in every city and county in Canada to act as honorary committees to assist in local organizations in the Victory loan campaign.

### RED CROSS SHIPMENT

The following shipment was made by the local branch of the Red Cross Society on November 3rd:

44 flannel binders, 52 cotton binders, 6 many tailed bandages, 40 slings, 10 surgical caps, 12 personal property bags, 14 kit bags, 20 pillow cases, 25 prs. socks, 8 nurses aprons, 8 day shirts, 9 pygamas, 7 dressing gowns, total 255 articles.

### AGRI. INST. MEETING

The first of the two Institute meetings of the Vulcan Agricultural Society was held on Saturday in the Oddfellows hall, and was addressed by Mr. E. C. Adams, of Calgary, George Hoadley, M.L.A., of Okotoks, and Rev. A. R. Schrag, of Vulcan.

Mr. Adams who spoke on the new Victory war loan which is shortly to be floated, went into the details of the loan and thoroughly explained them so as to leave no doubt in the minds of his audience as to the desirability of purchasing the stock.

Mr. Hoadley while taking the same subject, spoke along broader lines. He dwelt upon the relation of the farmer to the country, and pointed out that without money the farmer could not get along. The wheat which he raised was useless unless there was a market for it. Where was the money to buy the farmers products to come from? It must come from the farmers themselves through the war loan.

Canadians lent their money to the Government at 5 1-2 per cent., and the Government spent that money among Canadians. Not one dollar of it went outside; it all came back to the people. Heretofore, said the speaker, too much wealth in the form of interest had been pouring from the west to the east. Westerners had been working their heads off to pay interest on loans and mortgages held by people in the east. Now that the farmers of the west had money it was to their interest to keep it at home and the best way to do that was to put it into the Victory loan. By doing so they would have money coming in in the future years when the heavier taxation as the result of the war was a reality. Mr. Hoadley also drew attention to the vast amount of untouched mineral wealth of the west and explained how this could better be developed by western capital.

Mr. Schrag's address was on the question of food conservation showing how necessary it was that everyone should exert the utmost economy in order that there might be sufficient food for the Allies. It was not a question of people going to the excess of denying themselves the necessities of life, but it was necessary that people substitute that of which there was plenty for that of which there was a shortage and an overseas demand. The food controller had the most difficult job. He was a man without a precedent upon which to work; he blazed his own trail, and insofar as they were able, it was the duty of all people to help him in this work by conserving the food of which there was a shortage.

The next Institute meeting will be held on Saturday, November 24th, at the Oddfellows hall, when the speaker will be Mr. W. H. Fairfield, of the Lethbridge experimental farm, and a representative from Claresholm college.

## : ITEMS OF LOCAL INTEREST :

Mr. Clarence Davis, auctioneer, of Champion, was in town yesterday on a business visit.

The sale of farm stock and implements of Mr. L. W. Laws last week was a success. Buying was brisk and prices were good. Mr. J. Tompson, of High River, conducted the sale.

Mr. W. D. Allen is a visitor to Lethbridge today.

Owen Moore in "The Kiss", Thursday, Nov. 8th.

The 'Advocate' has received a letter from Cadet R. D. Stowell, of the R.F.C. Long Branch, Ont. He is having a great time there, "feeling as fit as a million dollars", to use his own expression. Roy Coleman is also there. Both the boys wish to be remembered to their friends in Vulcan.

Rev. A. R. Schrag, secretary for this locality for the Victory War Loan, has his office at the offices of Messrs. Flood, Whicher & Elves, where he can be seen by anyone wishing information on the loan.

Mr. and Mrs. R. L. Saunders and Miss M. Saunders, who have been in this district for some time, returned to Okotoks last week.

Mr. Peter Hanson has left for a winter's vacation in the sunny south. He has gone to Spokane for a short while, and from there he goes to California.

Mr. A. G. Dickinson motored to Calgary on Monday.

Thursday, Nov. 15th, Marguerite Clarke, Vulcan's favorite in "Miss George Washington."

G. A. Bishop left on Thursday for Penticton, B. C., en route for California, where Mrs. Bishop has been for some time.

The Red Cross dance was the means of raising \$106.95 for the cause.

Messrs. Del McQueen, H. Marcellas and B. McKenzie were in Lethbridge last week looking up the medical board. A pleasant time was had, and all passed the censorship.

The Vulcan Farmers Oil Syndicate has commenced business, Messrs. Henry and Walker having charge of the selling. Two 10,000 gallon tanks, one for gasoline and one for oil, are installed next to the Home elevator. A number of local farmers are financially interested in the concern, which is going to be a success.

Mr. Fred Bilton will load a car of hogs on Wednesday, November 14th.

Mr. J. McNaughton, M. L. A., was up from Carmangay yesterday.

Born. To Mr. and Mrs. Hans Lundgren, on Sunday November 4th, a son.

Mr. and Mrs. Bone of Calgary are visiting Mr. and Mrs. H. C. Jacques.

Mr. and Mrs. A. L. Knox and Mrs. M. Smith and her son Cecil left last evening for Rathdrum, Idaho, for the winter.

This is the way to do it. Mr. F. B. Frizell, of Chicago, sends ten dollars to the Red Cross fund and to the Vulcan Church out of the proceeds of his crop this year as a thankoffering.

M. H. White of the bank of Commerce staff left on Saturday for St. John, N. B., where he intends to enlist. His place is taken by R. W. Gibson.

Mr. and Mrs. L. W. Laws left on Monday for California, where they will reside for the winter.

## Good As the Wheat

"Good as the wheat" is an old motto, about as much the last word in meaning as "Safe as the Bank of England." A bag of No. 1 Northern, clean as a whistle of cockle and foxtail, was a symbol of sure value long before gold was known in the world. Wheat has been found in the pyramids. The Egyptians just about worshipped wheat. The Bible calls it corn, so do the English. But when we say "good as the wheat" we refer to the bushel of brown, hard kernels worth by government fixture this year \$2.20. In the memory of living men, when did "good as wheat" mean more than it does now? Never. A bag of wheat weighing two bushels and a peck tots up in 1917 to just about the value of a five dollar gold piece. But of course no man wants gold for wheat. All he gets is a check made out in his favour on some bank and signed by the manager of some elevator company or milling concern. The check is converted into bills or goes on deposit. Good wheat, good paper; nobody asks any questions. Because the company is O. K. and the bank is sound. If any wheat seller had any doubt of either he would at once demand something else. "I sold good wheat," he would say. "I want something as good in exchange." What made the wheat good? The good farmer behind it. A poor farmer can make good seed into poor wheat. What make the paper money good? The security of the corporation whose name it bears. The sounder the corporation, the nearer the paper comes to being as good as the wheat. But even a big company may go broke. Back of the corporation is a concern whose guarantee on a piece of paper is better than either. The pledge of the Dominion of Canada to pay any man money for value received is as good as the wheat and as safe as the Bank of England.

The best pledge of the Dominion of Canada, to pay is a Canadian Victory Bond; better than checks or bills—as good as wheat! Suppose you change that twenty bags of wheat on your wagon, not into a check or notes or even gold, but into Canadian Victory Bonds of \$50 each, bearing interest at five and one-half per cent. per annum and as negotiable on the market as the best check or the best load of wheat you ever saw? It's worth considering.

## TRIBUNAL WILL BEGIN THURSDAY, NOVEMBER 8

### MEDICAL EXAMINATION

The medical boards are again open for the examination of men coming under the first draft, that is, men claiming exemption or reporting for service. Until recently the medical boards had been closed down, but this has been changed in order to facilitate matters. Mr. T. A. Collins, the military representative here, has recently received a letter from Major G. W. Kerby, military representative of district No. 13, to this effect.

### BLACKIE NEWS

Mrs. J. O. Anderson was a weekend visitor to Calgary, the guest of Mrs. Hyslien.

Mrs. H. M. Morse, who for the past two weeks has been visiting friends in this neighbourhood, is now visiting friends in Calgary before her return home.

The death of Mr. John Both, north of Blackie, was a very sad shock to his relatives and friends, which occurred on Monday afternoon on the operating table at the High River hospital. Death was due to a growth in the throat caused by a kick from a calf which he was branding last spring.

The growth had of late been pressing against the windpipe, causing a shortage of breath. On Monday he was taken to the hospital and had just been laid on the operating table when he died. The growth broke and seemingly passed down the windpipe, and when the chloroform was applied death took place. He leaves to mourn his loss a wife and six children, and a mother and father who are here now, one sister, Mrs. Isaac Laycraft, and one brother, Fred, near Blackie. The deepest sympathy of all in the neighbourhood is extended to the bereaved family.

Mrs. J. Webb was a Calgary visitor during the past week.

Miss B. Tigner left on Saturday for Calgary, where she will attend a business college.

Wedding bells, wedding bells, how they ring; new a little faintly, but soon bright and clear.

At the Red Cross meeting held at Blackie on Saturday, for the year ending October 1917, it was decided to re-elect all the former officers for the ensuing year, with the exception of Avis Grier, who, on account of moving to Calgary, resigned. Mrs. Gillander is the new secretary. The Blackie Red Cross has made a very good showing under the able leadership of our most competent president, Mrs. D. L. Morrow.

The carpenters are busy erecting a new residence on Mr. Dudley's farm east of town, the home of Mr. O. Pope.

The U. W. F. A. held their monthly meeting in the U. F. A. hall on Saturday last.

Threshing is again started in Blackie district. We are hoping for a week of good weather which will clear the few remaining fields.

The Rev. H. Ray, of Vancouver, B. C., was the guest of Mrs. Chalmers during the past week.

The ranchers east of town are having considerable trouble riding the road allowances for their cattle which became very badly scattered during the past snowstorm.

Farmers are now to be seen

When Cases of Appeal for Exemption from Military Service Will Be Considered

The local tribunal commences its work on Thursday of this week and will sit for three days, Friday and Saturday. The sittings after this week will be announced later, but it is possible that it will sit every day until the work is finished. It is hoped that as many men as possible will make early application in order that the work may be facilitated.

So far there are no cases of exemptions reported to come before the tribunal on Thursday and Friday, but it will sit so that any men who have not filled out their military papers may do so.

The tribunal, consisting of Messrs. A. J. Flood and A. G. Spooner, of Vulcan, and T. A. Collins, of Calgary, will sit in the Oddfellows hall, from ten o'clock in the morning. The amount of territory it embraces is Vulcan, Kirkcaldy, Ensign, Blackie, Brant and the country points tributary to these towns.

### REID HILL W. I.

A special meeting of the Reid Hill Womens Institute was held at the home of Mrs. G. McKay last week. Miss I. Noble, of Daysland, gave an interesting address on rural hospitals, consolidated schools and the home credit system. Mrs. Simons, of Vulcan favoured the gathering with vocal selections, which were highly appreciated.

### D. H. GALBRAITH FOR N-P

At Tuesday's nomination meet of the Non-Partizan league held in Calgary, D. H. Galbraith was unanimously chosen as a standard bearer in the Bow River constituency for the forthcoming federal election.

The pupils of Miss Gibbons gave a recital in the Oddfellows hall on Friday evening which was well attended and very much enjoyed. The proceeds of the recital, which amounted to about \$40, were handed to the Red Cross Society.

On Friday evening, November 9th, at 8-30, there will be given a concert in the I.O.O.F. hall by Shaylor-Turner, concert pianist, of New York, who will be assisted by Lucy A. Simons, soprano, and Master Eugene Murphy, the nine-year old child wonder pianist. There will be no admission fee, but a voluntary silver collection will be taken at the door, the proceeds to be donated to the Vulcan branch of the Red Cross.

Mr. J. A. Jones leaves tonight for Calgary en route for England

with a shovel and a hoe searching searching, searching, for the potatoes they neglected to dig until almost too late.

The opening of the Blackie Auditorium was a great success on Friday night. A 5-piece orchestra was in attendance. The supper was served by ladies of the Red Cross. A large crowd was present and a very enjoyable evening is reported.

The monstrous Alberta Pacific elevator is entirely completed, and towers high above the others which we used to think were elevators, but which seem to be small granaries now.

### CANADA'S VICTORY LOAN MEANS:

In order to make clear any confusion or doubt with regard to the various points that arise out of questions that are asked about Canada's Victory Loan Bonds, the following questionnaire may be of some help:

Just what is a Canada Victory Loan Bond?

It is an acknowledgement on the part of the government that you have loaned it for the period of time stated on the Bond, 5, 10 or 20 years, the amount of money stated on the Bond be it \$50, \$100, \$500, \$1,000, at the rate of interest stated on the bond, 5½ per cent.; and binds it to pay your money back promptly in full at the end of the period stated, and the interest every six months.

Why are these bonds being issued?

To enable Canada to finish the war and help preserve her agricultural industrial, and commercial prosperity.

How will the money be spent?

For war purposes only, and in Canada. To buy necessary munitions, food, clothing and cereals.

How long must I wait to get my money back?

Five, ten or twenty years. But the bonds may be sold at any time on the Stock Exchange at a market price which may be slightly in advance, or below par.

Can I borrow money on my bond?

Yes. Any bank will loan you at its discretion a very large part of its stated value.

Why should a poor man buy these bonds?

It is his war just as much as it is the rich man's. And to the limit of their ability both rich and poor should buy these bonds.

Where can I get these bonds?

Canvassers will call on you to subscribe. If you miss them you may subscribe at your bank. The canvass takes place between November 12th and 30th.

### SUBSTITUTDS FOR WHEAT

Canadians who are willing to follow the advice of the food controller in order to help to save urgently needed wheat flour, beef and bacon for the soldiers, will find a considerable number of wholesome substitutes.

To save wheat flour, barley may be used for soup and barley flour for thickening; corn meal for bread and cereal, and oatmeal for cereal and oat muffins. Potatoes may be used in a variety of appetising dishes, and when they are served bread may sometimes be omitted from the meal. At present the price of corn meal is high, but

the new crop in the United States is very large and will be coming on the market soon. The question of price has to be carefully considered by the great majority of people, but those who can afford to do so should substitute, in part, other cereals for wheat even if the price of the substitutes should be higher.

For meat, fish is a peculiarly suitable substitute, because of the variety available, and the abundant sources of supply in the Dominion. Beans have nearly the same food value as meat.

By a careful selection of other foods the consumption of meat may be very considerably reduced, especially by persons who are not engaged in heavy manual work.

And remember, the primary reason for urging the saving of wheat, flour, beef and bacon is not economy in cost, but that the soldiers may be supplied with the food which they need.

### NOTES

Buy a Victory Bond and be a man behind the gun.

Russia seems to be able to do little more than remain on the defensive. 'They also serve who only stand and wait.'

If your word is as good as your bond, let it be as good as a Victory Bond.

So the Germans have lost some ships in a little fight with the British ships, and the German sailors mutiny when commanded to form submarine crews. Evidently the German sailor is of the opinion that the British get him both going and coming.

If you cannot fight, your money can. Buy Victory Bonds and hasten victory.

The little raid on the Barons club last week when thieves lifted the money, might reasonably be expected to have the value of a warning to some persons in Vulcan. For some time past now the gaming spirit has been running pretty high, and a nice little clean-up by a masked man or two might bring home the lesson that money easily acquired is easily lost. It would also be a pretty effective way of stopping the gambling.

If your country is worth living in it is worth backing. \$50 up for the Victory war loan.

The Toronto 'Globe' has declared itself as flatfootedly in favour of the union government, and anybody who knows the 'Globe' knows what a pull it required to do that.

Already the citizens of Fernie are hot after the Victory War Loan. One lady of the town has subscribed \$5,000 and another person \$5,000.

## Osgood Lens Keep You Within the Law

Demonstrated to the Provincial Police. Provincial cars being fitted with Osgood. Increases your light 75 per cent. and meets the full requirements of the law as well as the driver. Costs No More than Ordinary Lens.

### 75 Per Cent. More Road Light

### Beam Throws 1-3 Mile---No Glare---Waist High---No Need for Dimming

The New Osgood Lens gives fully 75 per cent more light on the road as compared with a plain lens.

Gives 910 per cent. greater road light as compared with a lens of ground glass—the equivalent of many diffusing and dimming devices.

No rays scattered into the air. No glare in the eyes of other motorists or pedestrians. Full compliance with all headlight laws.

All this is due to the twelve prisms of the New Osgood Lens which search out all the "going," the twelve beams forming one master shaft of waisthigh light thrown far ahead of the car.

No matter what lens you are now using, give the New Osgood a trial and see the difference—for there is a difference. Sold at ordinary lens prices.

# FIRE Insurance

The increased cost of all commodities makes it more necessary than ever that your property be fully protected by insurance. Where \$1,000.00 insurance was sufficient two years ago, it would now require at least \$1,500.00 insurance to give you adequate protection.

## GRAIN CONGESTION IS NOW WELL IN HAND

The Winnipeg board of trade recently sent the following night lettergram to Sir Henry Drayton, chairman of the board of railway commissioners, Ottawa, to which a reply was received from Leslie L. Boyd, chairman of the board of grain supervisors, Fort William, stating that the situation herein referred to was now well in hand:

"Consider it advisable that immediate steps be taken to increase wheat movement to lake front, otherwise imperial government's requirements of million and a half per day cannot be supplied; daily receipts now several hundred thousand bushels short of requirements, car inspection past 14 days amounting to only 13,131 cars, or average of 938 cars per day of all grain; and of 769 cars of wheat, indicating deplorable lack of railway service at the time of greatest need.

"Furthermore, there is congestion at many points on Canadian Northern in west due to lack of equipment, though many cars loaded at points on this road have been in transit a month or more, thus tying up equipment. Suggest immediate investigation of these conditions by your board, and if deemed advisable Grand Trunk Pacific and Canadian Pacific be used to relieve situation on Canadian Northern. (Signed) A. K. Godfrey, President Winnipeg Board of Trade.

## 'HUNNISH CRIMES AND ATROCITIES'

The Rev. A. R. Schrag, who has kept in close touch with the moral and political aspects of the war, will present an address showing the underlying spirit of Kaiserism as illustrated by typical perfidies, espionage, crimes and outrages. The design of the address is to awaken the community to the real and imminent danger we Canadians are exposed to, and the very thing that our boys are now fighting against. A large attendance of young men is expected at this service on Sunday evening to hear this important subject discussed.

## GETTING AFTER THEM

The new regulations in regard to the headlights on automobiles are being rigidly enforced in Vulcan, and car owners who have not yet substituted the 'No-Glare' lights for the old kind had better make a change if they have no wish to appear before the magistrate.

On Tuesday evening at the barracks a prominent Vulcan farmer was hailed before 'his worship' and mulcted of \$20 and costs.

## To Farmers and Others wishing to Purchase a Real Home in Calgary

An opportunity occurs to secure one of the most conveniently built and central residences in Calgary.

**LOCATION**—Within seven minutes walk of the Post Office and two railway depots and one minute from two street car lines.

**THE GROUNDS** contain approximately nine tenths of an acre, and are exceptionally arranged. There are a large lawn, splendid lot of trees, hundred and fifty feet river frontage, large vegetable garden well stocked with small fruits. The property opens onto two streets, thus providing entirely separate approaches to the front and rear premises.

**BUILDINGS**—The house is of stone, with concrete foundation, and is strictly modern, with first-class hot water heating system. It contains entrance hall, two drawing rooms, dining room, two kitchens, two pantries, six bedrooms, three bathrooms, dressing room and clothes cupboards.

There are also a garage and poultry house.

Price \$22,000., of which one-half can remain on mortgage for five years.

### "MAGIC DATE" IS NOVEMBER TENTH

In Canada, no future date in the calendar looms more important to thousands of people than "November 10" next. That is the last day for reporting for service or sending in claims for exemption under the Military Service Act.

Severe penalties are provided for failure to report for service or send in claim for exemption by November 10. Besides a term in jail, the offender loses his chance to appeal for exemption and is automatically drafted into the service after paying his penalty.

Since everything possible has been done to acquaint the first class called with the facts, that they must report for service or claim exemption by November 10 or else suffer severe penalties, very few if any laggards are expected to remain for rounding up after the "magic date". B-22

### LISTEN TO THIS APPEAL

Editor "Advocate":—Kindly afford us space to present this appeal to your readers. We, the undersigned, are charged with the responsibility of prosecuting the campaign for popular subscriptions to Canada's Victory Loan, and we have selected our canvassers and are preparing our lists. We believe that we have the public wholeheartedly behind us in this loan. They want to help.

We therefore ask them to help

by 'talking-up' the loan. Quit talking about the weather and greet your friends with: "Do you own a Victory Bond?" Get everybody asking that question.

Secondly, we appeal to the merchants of the town to grant us space in their customary advertisements in the "Advocate" for the Victory Loan.

Thirdly, we appeal on behalf of the canvassers that everyone make up his or her mind as to what amount of the Bond they will take. Don't hesitate to take a big slice of it.

Fourthly, we need men and women who will distribute leaflets explaining the loan to their friends. These leaflets can be had at the local headquarters, the offices of Messrs. Flood, Whicher and Elves.

Fifthly, we wish to make Vulcan the banner division and subscribe several hundred thousand dollars.

Signed by the committee,

F. A. Elves, Hon. Chairman  
A. R. Schrag, secretary  
A. J. Flood,  
G. M. Whicher,  
R. L. Elves,  
H. W. Reeves.

No grain of any kind and no substance that can be used for food shall be used in Canada after November 30th for distillation of potable liquors. The penalty for violation of the regulation is a fine of \$5,000 or imprisonment for a term not exceeding six months, or both fine and imprisonment.

## EXEMPTION TRIBUNALS

MILITARY SERVICE ACT 1917

For the Attention of Class One Men

The location of The Exemption Tribunals in this district is as follows:—

Tribunal Alta. No. 20  
Vulcan

These Tribunals will commence to deal with claims for exemption on November 8th.

All claims for exemption must be made not later than November 10th.

Those who make or have made their claim for exemption in writing through the Post Office will receive notice by registered letter of date on which their claim will be dealt with.

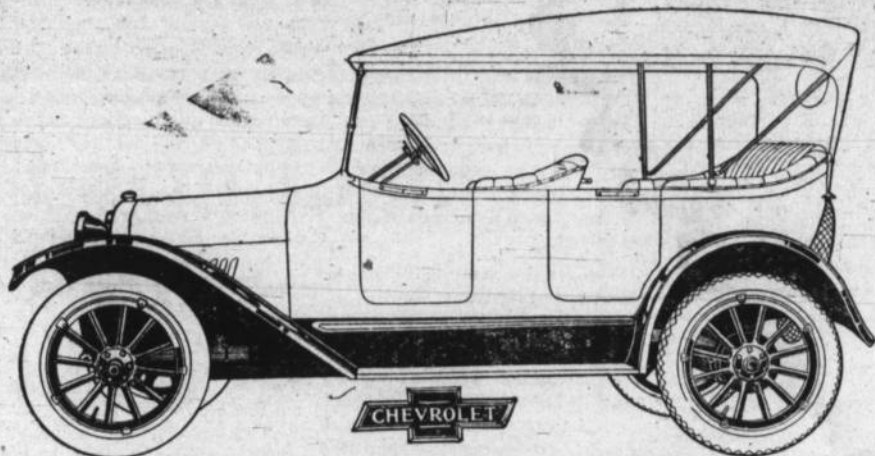

Those who neglect to make use of the Post Office must present themselves in person at a Tribunal on November 8th, 9th or 10th, and they will then be informed as to when their claims will be dealt with.

Reports for service must be made on or before November 10th through the Post Office.

Severe penalties are provided by law for failure to report for service or claim exemption as above.

Issued by  
The Military Service Council.

## FORMER ALBERTA MAN INTERESTED IN LOAN

The letter that President H. W. Wood of the United Farmers of Alberta sent out to the farmers, and which was recently published in the Herald, attracted the attention of a retired Alberta farmer down in the States. He wrote to the United Farmers Association the other day from Spokane, Washington, as follows:

"Gentlemen,—Received yours re Victory loan. As we must win this war, may be able to buy a Victory bond when placed on the market. Please give full information re same. Have bought some Liberty bonds here. So far as this war is concerned we are one and the same. I have three sons in Alberta, one at Alix, one at Champion, and another relative also at Champion. All can and should buy some Victory debenture, or bonds, as they may be called up there.

You should get in touch with two other friends of mine, Hungarians, (names given) at Champion. They could buy bonds and likely would if you see them. Their mother, who recently died, was English born, and the boys are strong pro British. One of them offered his services to war, but was rejected owing to Hungarian birth, having been in the United States and Canada about 12 to 15 years; the other boy came over in 1912."—Lethbridge Herald.

## VULCAN CHURCH NOTICE

## BUFFALO HILLS HINTS

On account of the fine weather and the ten steadily running threshing machines in the district, the Buffalo Hill farmers were fortunate enough to have all of their grain in bins when the snowstorm struck two weeks ago.

General farm work and even traffic on the roads were held up by the storm and the farmers found time for a much needed rest after their threshing energies. However, such activities as plowing and grain hauling have begun again. Indeed so enthusiastic was one farmer that a fully-harnessed horse ready for work might have been seen grazing in his pasture one night last week.

It is said that the Indians predict a severe winter. Such a thing would be unfortunate for stock as the straw stacks are not so large nor so numerous as in other years.

Why are the geese leaving the hills and migrating south so early this year?

Even the severe snowstorm, heavy though it was, did not prevent the auto enthusiasts of the district from travelling although they had to do considerable road work with snow shovels last week.

Chewing Gum.

We are glad to report that Mrs. C. S. Hall is making satisfactory progress toward recovery.

## EMPLOYEES SAFEGUARDED

Amongst the penalties provided for infractions of the Military Service Act is a very necessary and useful instrument designed to guard employees from employers who make a reduction of wages or some such alteration in working conditions as a condition for applying for the exemption of a man or men in their employ. Any employer guilty of such conduct is liable to a fine of \$1,000 or imprisonment for six months.

The honorable course for employers to follow under the Act is to apply for exemption faithfully and loyally for the men whose work is essential to the success of their business and who cannot be replaced, or who have special qualifications not to be duplicated, and not to make the application for any indirect or improper purpose, whatsoever. Exemption Tribunals will not be deceived, and the system will provide fairness for all, sooner or later.

## Why does Canada Raise Money by Selling Bonds?

**B**ONDS are issued payable in ten or twenty years, as the case may be. It means that repayment of the money will be spread over ten or twenty years instead of being raised by taxation to meet current expenditures.

To raise by taxation all the money as fast as it is needed to carry on Canada's share in winning the war, would be an unbearable burden upon the people.

It would mean that more than a million dollars a day would have to be raised right now.

But to raise money by selling Canada's Victory Bonds means that those of the next generation who will benefit by the sacrifices this generation is making;

—who will share in the freedom this generation is fighting for and largely paying for—will also pay their share.

And when you buy Canada's Victory Bonds you make a first-class business investment in a security that is absolutely safe, likely to enhance in value after the war, and bearing a good rate of interest.

You help the country by keeping open the British market for Canadian products and this helps the general welfare in which you share.

And again, every Canadian who buys a Victory Bond becomes a financial partner or backer of Canada in the war.

When you buy a Canada Victory Bond

you give a personal pledge that you are going to help to win the war.

Every man and woman in Canada can help to win the war by buying Canada's Victory Bonds. And Canada wants the personal, individual interest and co-operation of every man and woman in the country.

The buying of Victory Bonds by the whole people unites them in a determination to win the war.

Every purchase of Canada's Victory Bonds is a blow for freedom against the tyranny of German Kultur.

Every bond sold is a new guarantee that Canada is in the war to the finish, until victory is with the Allies and the world has been made safe to live in.

Every bond you buy is a new pledge that Canada will remain true to herself, the Empire, the Allies and to freedom's cause.

So it is both patriotic and good business to

### ANTHRAX, A DANGEROUS DISEASE

The disease of anthrax occurs among sheep, horses, cattle and other herbivora or grain eating animals. No animal of any of these classes is capable of resisting anthrax infection providing suitable conditions obtain. The disease is also liable to attack human beings although it does not appear epidemically in man. Many cases have been reported where men have died as a result of contracting anthrax from the skinning of an infected animal or from handling the wool or skins of animals that have died from the disease.

This information is brought out in Bulletin No. 23 of the Health of Animals Branch of the Dominion Department of Agriculture entitled "Anthrax". The bulletin is written by Dr. Chas. H. Higgins, Pathologist, and deals with the subjects of occurrence, methods of infection, soil infection, diagnosis, etc. It is pointed out that the carcass of the animal that has had the disease should be destroyed by fire, care being taken that all discharges and litter about the animal be burned with it, even to the halter that it had been wearing. Under no circumstances should the animal be skinned, as this is a most dangerous procedure. Neither should it be dragged over the farm. Deep burial is sometimes resorted to, but it is not nearly so satisfactory as burning.

Veterinarians, farmers and others who have reason to suspect the existence of anthrax are compelled, under the Animal Contagious Diseases Act, to promptly notify the Minister of Agriculture, the Veterinary Director-General, or the nearest Veterinary Inspector.

### 'BIRTH OF A NATION' ON NOVEMBER 12TH

D. W. Griffith's great production "The Birth of a Nation" has broken so many records that it is hard to keep track of them. For the length of its run and the total attendance it holds the season's record in New York, Boston, Chicago, Los Angeles, San Francisco, Toronto and Montreal. These records are being added to in numerous cities where the big spectacle is now piling up unprecedentedly to substantiate its marvelous popularity. In his great spectacle D. W. Griffith utilized a full operatic score for the first time in its true relationship to the enlargement of his varied themes. It is the Wagnerian idea fitted to the screen drama and the synchronization was so perfectly adapted to this story that it becomes a very important part of the epic form of narrative. The score was arranged by Joseph Carl Breil who spent months with Mr. Griffith while he was making the picture and caught his thematic ideas in snatches of tune that Griffith would hum while he was working out his big dramatic ideas. It is perhaps the most unusual score ever devised but is a wonderful feature in the production and will all be played during the performance of this picture at the Opera House on November 12th.

Dr. Meeklenburg, the graduate optician and exclusive eye-sight specialist of Edmonton and Calgary will make his next visit to Vulcan (hotel) on Saturday, Nov. 10th. You take no chances by consulting this eye specialist about your eyes. Advt.

During their attack on the Italians, the Austrians have been using a new kind of poisonous gas. It is said to be one hundred times stronger than any used on the Italian front before. Fortunately for the Italians the rain kept the fumes close to the ground.

Sir Wilfrid Laurier's election manifesto, which was published on Monday contains nothing new compared to his past statements. Generally, it is receiving little or no sympathy from the bulk of opinion in the country, as men realize that the war can only be won in one way, and that is by going after it.

The Americans in the trenches had their first encounter with the Germans early on Saturday morning, when they were attacked by the enemy. Although cut off from relief they fought valiantly in hand-to-hand encounter, living up to the traditions of the American race.

Liberal Convention for the  
Province of Alberta

A Convention of Liberals opposed to the Borden Government will be held at Edmonton, on Saturday, November 10th, 1917, at 10 o'clock a. m. to discuss the issues of the impending elections and to complete a Provincial organization.

Every Liberal opposed to the Borden Government is invited to attend the Convention; and, if convenient, a meeting of such Liberals should be held in each town, village or polling division.

At the Convention the delegates from each of the 12 Dominion Constituencies will appoint 10 voting delegates.

Arrangements have been made for a single fare for the round trip. Delegates will purchase one way tickets to Edmonton and at the same time obtain standard convention certificates from their local railway agents. At Edmonton return tickets will be issued free.

Further information as to special trains will be given through the newspapers.

## MONEY TO LOAN ON FARM LAND

  
CONTRACTS, FIRST AND SECOND MORTGAGES BOUGHT

## Synopsis of Canadian Northwest Land Regulations

THE sole head of a family, or any male over 18 years old, who was at the commencement of the present war, and has since continued to be, a British subject or a subject of an allied or neutral country, may homestead a quarter-section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duties—Six months residence upon and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter-section as pre-emption. Price \$3.00 per acre. Duties—Reside six months in each of three years after earning homesteaded patent and cultivate 50 acres extra. May obtain pre-emption patent as soon as homesteaded patent on certain conditions. A settler after obtaining homesteaded patent, if he cannot secure a pre-emption, may take a purchased homesteaded in certain districts. Price \$3.00 per acre. Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.00.

Holders of entries may count time of employment as farm labourers in Canada during 1917, as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honourably discharged, receive one day priority in applying for entry at local Agents Office (it is not Sub-Agency). Discharge papers must be presented to Agent.
